Academic Presentations

- technical presentations are common in the academic environment
- LaTeX is typically used for scientific literature
    - for better formulas, bibliography, typography, . . .
- so, LaTeX is the most typical *toolbox* for scientific presentations
   - which easily translates into teaching presentations, too

Beamer

- Beamer is a LaTeX document class for creating presentation *slides*, with a wide range of *templates* and a set of features for making *slideshow effects*

    repo https://github.com/josephwright/beamer
    CTAN https://ctan.org/pkg/beamer

- even though other styles for LaTeX presentations exist, Beamer is by far the best way today

Aim

- many occasions for presentation
- many different people in the group
- a common reference could be useful
- hence, this style
- based on random Beamer styles, and using some references for the colours

AMS

AMS Alma Mater Studiorum–Università di Bologna
Cesena Campus of Cesena

- hence the AMS Cesena Campus logo on the bottom-left corner

Colours for AMS Bologna FC I

bolognafcblue

HEX #1A2F48

RGB 26,47,72

bolognafcred

HEX #A21C26

RGB 162,28,38

Colours for AMS Bologna FC II

bolognafcwhite

HEX #FFFFFF

RGB 255,255,255

bolognafcsilver

HEX #ECECEC

RGB 236,236,236

Blocks

This is a `block` environment

```
\begin{block}
...
\end{block}
```

This is an `exampleblock` environment

```
\begin{exampleblock}
...
\end{exampleblock}
```

This is an `alertblock` environment

```
\begin{alertblock}
...
\end{alertblock}
```

Citations

\ccite command—e.g., [Patashnik, 1988]

\ccite{bibtex-patashnik88}

to be used instead of standard \cite command, prints as [Patashnik, 1988]

\cccite command—e.g., [Patashnik, 1988]

\cccite{bibtex-patashnik88}

to be used to be used instead of standard \cite command over light backgrounds—as here above in examplebox header
